IIEP-UNESCO
CERTIFICATE OF COMPLETION

Foundations Course 2: Educational data and indicators

Intended Learning Outcomes (ILOs):

- Explain the role of data and information in effective planning and management of education;
- Identify the data needed to measure access, participation and completion, equity, internal efficiency, teaching and learning conditions, and quality;
- Calculate and interpret key indicators;
- Identify the limitations of the key indicators and recognise the importance of the data on which they are based.

Dates: 21 January to 17 March 2026

Mode of delivery: online

Learning time: 100 hours

IIEP credits earned: 4
